# GEN 6 MUSTANG - VENT INSTALL GUIDE

**1** Remove silver trim ring from the vent barrel.

**2** Take vent slat bracket out of barrel and remove black trim ring.

**3** Remove lower vent slat and bracket.

**4** Install display into vent slat bracket. NOTE: Display glass goes behind lip at bottom of bracket.

## WARRANTY & LIABILITY:

Neither P3 Cars, nor its dealers or agents shall be liable in any way, for any damage, loss, injury or other claims, resulting from the installation or use of this product. By purchasing or installing this product, you assume all liability of any kind connected with the use and/or application of this product. If you are unsure that you can safely install and use this product, consult a qualified installer or mechanic. The warranty on this product covers only the product itself for a period of 6 months from the date of purchase, and it will be at our discretion to repair or replace the affected parts. No user serviceable parts inside. Warranty will be voided if product shows physical damage.

**5** Snap black trim ring onto bracket and install into vent barrel.

**6** When feeding the display cable through the back of the vent, make sure the cable goes through this hole.
